☐ Comment: The proportion of non-party members on duty with MGB is negligible; it is therefore safe to assume that these figures represent at least ninety-eight per cent of the total.)

2. The total strength of Opergrupi Zwickau, for example (i.e., 39 men), is again divided between towns which come under the Zwickau Opergrupi. These towns are Plauen (K-12), Auerbach (K-32), Aue (K-53), and Oelsnitz (K-11). The assigned personnel in the above towns, in turn, have under them still other neighboring towns. Thus, Johanneorgenstadt (K-51), Schwarzenberg (K-52), Schneeberg (K-43), and Eibenstock (K-42) are under the Aue sub-section of the Zwickau Opergrupi. At the most there would be one or two representatives in each of these latter towns.
